Swami received his degrees in Engineering and Management from two world famous institutes IIT and IIM. However, the call of god was so strong that a short while after landing a top corporate job, he renounced his professional career in the quest for God realization.

His search took him to the lotus feet of his Spiritual Master, jagadguru Shree kripaluji maharaj. Accepting Swamiji as a student, Shree Maharaj ji imparted Vedic knowledge to him. The jagadguru entrusted him with the key task of spreading the ancient knowledge of The External Truth the world over. even since, Swamiji has been travelling far and wide, awakening hundreds of thousands of seekers.
